#### **Full lamp and light fixture compatibility**

- Small, high-performance bulb

# PHILIPS

Spiral energy saving bulb  
12 W (60 W) E14 cap, Cool daylight

## Specifications

### Power consumption

- Wattage: 12 W
- Wattage equivalent: 60 W

### Light characteristics

- Light effect/finish: Cool Daylight
- Light output: 660 lumen
- Color temperature: 6500 K
- Color rendering index (CRI): 80

### Durability

- Average life (at 2.7 hrs/day): 8 year(s)
- Lifetime of lamp: 8000 hour(s)

### Bulb dimensions

- Height: 48 mm
- Width: 104 mm

### Bulb characteristics

- Shape: Spiral
- Cap/fitting: E14
- Voltage: 220-240 V
- Dimmable: No

8718291694281

## Highlights

### Energy efficient

All Philips energy savers save energy from the moment you turn the switch. During their lifetime they use fewer kW and thus also result in a lower energy bill. The level of energy saving differs per lamp type and technology.

### Carbon footprint

Energy savers reduce the amount of energy in your home, which not only results in a lower energy bill, but also in less carbon (CO<sub>2</sub>) output by your energy supplier. Together we make this a better world to live in.

### Extra brightness

Brighter usually means more power, and a brighter life comes at a price. Philips energy-saving lamps give you more light without requiring more power.

### Compact size and high perform

Our smallest energy saving lamps are just as small as a traditional light bulb. You can now save energy and money in all your lights and lamps, without compromising on light quality.
