**PHILIPS**  
sense **and** simplicity

# Highlights

## Forms and materials

Philips inStyle lighting fixtures are designed to fit perfectly with the best of all interior decoration, offering multiple styles to blend perfectly in anyone's home. With many applications and finishes, they combine well with features like curtains, furniture, paint and accessories to complete the look you desire. Careful attention to details and designs helps you to express your personal style, for interior decoration just the way you want it. This means an inviting ambience and surroundings that friends, family and you will enjoy.

## Multiple applications

If you enjoy design, and like to experiment with the latest styles and themes in your home, try Philips inStyle. It's a range of decorative suspension lights, wall lights, ceiling lights, floor lamps and table lamps in premium materials and different colours.

## Unique 'DimTone' dimming

DimTone takes LED lamp dimming to an exciting new level, creating a pleasant, warm effect as the light is dimmed. This means that

the consumer at home can take advantage of energy-efficient LED lighting and still create a natural, cozy ambience when the light is dimmed.

## High Power LED

The LED module of this lamp is a uniquely developed solution by Philips combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

## Warm white light effect

Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of warm white light high-power LEDs, reaching a colour temperature of 2700 Kelvin. This innovation brings the Philips lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

## High light quality

An LED lighting module of 7.5 W produces a light output equivalent to a 40-W incandescent bulb (350 Lumen). Save energy with strong light output.

## Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

## Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long life of at least 20,000 hours (which equals 20 years on the basis of an average use of 3 hours/day with at least 13,000 on/off switching cycles). With Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambience in your home.

# Specifications

## Design and finishing

- Material: aluminium
- Colour: aluminium

## Extra feature/accessory incl.

- PowerLED integrated
- Compatible with wall dimmer

## Product dimensions and weight

- Height minimum: 14.5 cm
- Height maximum: 250 cm
- Length: 98.4 cm
- Width: 10.4 cm
- Net weight: 3.490 kg

## Technical specifications

- Mains power: Range 220 V–240 V, 50-60 Hz
- Bulb technology: PowerLED, Safety Extra Low Voltage
- Number of bulbs: 3
- Wattage bulb included: 7.5 W

- Maximum wattage replacement bulb: 7.5 W
- Light colour: 2100 k-2700 k warm white range
- Lamp lifetime up to: 20,000 hrs
- Beam angle: 110°
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed

## Service

- Warranty: 2 year(s)

## Packaging dimensions and weight

- Height: 105.8 cm
- Length: 18.8 cm
- Width: 13.7 cm
- Weight: 6.200 kg

## Miscellaneous

- Especially designed for: Living Room and Bedroom
- Style: Modern
- Type: Suspension light

Issue date 2013-02-24

Version: 3.0.1
