Giving light a new experience

Bathe your living spaces in rays of cool, white light with this super-bright dimmable ceiling disc. The slim space-age design means no big, bulky lamp, and is also available as a mini for smaller areas or clusters.

Elegant design meets innovative technology

• High Power LED
• High light quality with strong light output
• Cool white light effect

Sustainable light solutions

• Extremely long operating life
• Saves up to 80% energy

PHILIPS

Highlights

Specifications

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.

High light quality

A LED lighting module of 7.5W produces the equivalent light output as an 40W incandescent lamp (350 Lumen). Save energy with strong light output.

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips combining 3 LEDs in a synthetic

and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

Cool white light effect

Light up your home with cool white light effects thanks to the latest LED innovation. Philips introduces the latest generation of cool white light high power LEDs, reaching a color temperature of 4000 Kelvin. This innovation brings our luminaires to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Design and finishing
• Material: aluminium
• Color: white

Product dimensions & weight
• Height: 6.1 cm
• Length: 36 cm
• Width: 36 cm
• Net weight: 1.600 kg

Technical specifications
• Mains power: Range 220 V - 240 V, 50-60 Hz
• Bulb technology: LED, 240 V
• Number of bulbs: 3
• Wattage bulb included: 7.5 W
• Light color: cool white
• Lamp lifetime up to: 20,000 hrs
• Beam angle: 40°
• Fixture dimmable
• LED
• IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
• Class of protection: I - earthed

Service
• Warranty: 1 year(s)

Packaging dimensions & weight
• Height: 38.1 cm
• Length: 37.5 cm
• Width: 7.6 cm
• Weight: 2.300 kg

Miscellaneous
• Especially designed for: Living- & Bedroom
• Style: Modern
• Type: Ceiling light
