PHILIPS

Highlights

Adjustable height

This Philips light is delivered with long cables to offer you a maximum flexibility during installation. Choose the perfect height matching your needs.

Diffused warm white light

This light uses the latest energy-saver lamp technology by Philips to provide a flood of warm white natural light. Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment. Diffused light is perfect for general illumination.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000

hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.

High light quality

A LED lighting module of 7.5W produces the equivalent light output as an 40W incandescent lamp (350 Lumen). Save energy with strong light output.

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

Cool white light effect

Light up your home with cool white light effects thanks to the latest LED innovation. Philips introduces the latest generation of cool white light high power LEDs, reaching a color temperature of 4000 Kelvin. This innovation brings our luminaires to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Specifications

Design and finishing

- Material: aluminium
- Color: grey

Product dimensions & weight

- Height minimum: 0.0 cm
- Height maximum: 250 cm
- Length: 38 cm
- Width: 21 cm
- Net weight: 2.530 kg

Technical specifications

- Mains power: Range 220 V - 240 V, 50-60 Hz
- Bulb technology: LED, 240 V
- Number of bulbs: 2
- Wattage bulb included: 7.5 W
- Maximum wattage replacement bulb: 7.5 W
- Light color: 4000K cool white
- Lamp lifetime up to: 20,000 hrs
- Beam angle: 40°
- Bulb technology 2: LED, Safety Extra Low Voltage
- Number of bulbs 2: 6

- Wattage bulb included 2: 2.5 W
- Maximum wattage replacement bulb 2: 2.5 W
- Light color 2: 4000K cool white
- Lamp lifetime up to 2: 20,000 hrs
- Beam angle 2: 120°
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed

Service

- Warranty: 1 year(s)

Packaging dimensions & weight

- Height: 56.4 cm
- Length: 33.5 cm
- Width: 22.6 cm
- Weight: 3.790 kg

Miscellaneous

- Especially designed for: Living- & Bedroom
- Style: Modern
- Type: Suspension light

Issue date 2014-05-23

Version: 2.0.1

12 NC: 9150 026 76701
