"A discreet and
stylish canopy made
of smooth silicone"

"Choose the regular
Cannonball to hang one
centrepiece pendant light"

"Play with the
Cannonball Cluster to
create beautiful clusters of
two or three small lamps"

Cannonball Family

VITA

COPENHAGEN

**Home is
where you
hang your
lights...**

Inspired by the perfectly round shape of a sphere, the VITA Cannonball is a discreet and organic canopy created for hanging pendant lights in an elegant way. With its timeless design and smooth, alluring feel, this silicone canopy serves a double purpose: a loop-in lighting wiring system and a unique way to decorate the pendant cord.

Choose from the regular Cannonball for hanging that one centrepiece ceiling light, or the Cannonball Clusters for creating beautiful clusters of two or three pendant lamps in a straight line or at different heights. Available in both black and white, the Cannonball family will make sure you have that special somewhere to hang your lights.

Cannonball Family | textile cord, silicone & E27 socket
